Report of the Managing Director

The Managing Director has the pleasure of presenting the Financial Statements of Transparency International e.V. (Secretariat) – henceforth referred to as TI-S or the Secretariat, for the year ended 31 December 2014.

Organisation Overview

Transparency International is the global civil society organisation leading the fight against corruption; through more than 100 chapters, chapters in formation and contact groups worldwide and an international Secretariat in Berlin, it raises awareness of the damaging effects of corruption and works with partners in government, business and civil society to develop and implement effective measures to tackle corruption.

The Secretariat, Transparency International e.V., a Berlin registered not-for-profit association, serves a charitable purpose in compliance with its charter and is recognised by the Berlin authorities as being exempt from income tax.

The Secretariat is led by a Board of Directors, which is responsible for determining the organisation's strategy and policies and supervising its activities. The Board is elected by the Association's members, comprising representatives from national chapters and individual members at the Annual Membership Meeting.

The Managing Director acts on behalf of the Board of Directors on the basis of a power of attorney that is registered.

The Management Group of the Secretariat, composed of all Group Directors, have conducted a thorough review of the current and future financial situation of the organisation and consider that the organisation remains a going concern.

Key Events

Total income for TI-S for 2014 remained in line with 2013, with total income (Donor, Finance and Other income) decreasing slightly from €27,034,173 in 2013 to €26,906,872. Total Comprehensive Income reached €161,761 (2013: €110,675) increasing total reserves to €3,621,744 (2013: €3,459,983).

Strategy

In November 2010 Transparency International adopted a new five-year strategy that set out a number of important directions for the TI movement over the coming years, focusing on six strategic priorities, which are being addressed as follows:

Report of the Managing Director (continued)

- Priority 1- People: “Increased empowerment of people and partners around the world to take action against corruption”.
 - This is being implemented by the development and management of a comprehensive People Engagement Programme, supporting our national chapters to engage new audiences and stakeholder groups in the fight against corruption, with a particular focus on the victims and witnesses of corruption.
- Priority 2- Institutions: “Improved implementation of anti-corruption programmes in leading institutions, businesses and the international financial system”.
 - We are implementing a Public Sector Integrity Programme that works with national chapters to diagnose and help to solve priority corruption risks and supports thematic network initiatives— involving both the movement and external partners on key public sector integrity issues around the world.
- Priority 3- Laws: “More effective enforcement of laws and standards around the world and reduced impunity for corrupt acts”.
 - As well as undertaking global advocacy, we are supporting national chapters and external partners to leverage international conventions and existing legal frameworks to further their national anti-corruption agendas and in their fight against impunity for corruption offenses by acting as a learning platform.
- Priority 4- Values: “Higher levels of integrity demonstrated by organisations and people, especially youth and those in leadership positions around the world”.
 - The Secretariat is supporting the establishment of a Youth Network and works to enhance the integrity of future business leaders, via the Business Integrity Programme.
- Priority 5- Network: “Strengthened ability to work together”.
 - We are expanding the knowledge base of our diverse movement, to promote ever more effective anti-corruption solutions that have a real impact on people’s lives.
 - The Secretariat provides support to thematic networks that involve national chapters and takes the lead in establishing effective knowledge management platforms and processes and continues to lead on global Research and Knowledge tools.
- Priority 6- Impact: “Enhance responsiveness, presence, performance and impact at all levels”.
 - We are strengthening the individual and collective performance of all parts of our diverse movement, ensuring that we have a strong presence and anti-corruption voice nationally, regionally and globally. Additionally, by implementing the Institutional Network Strengthening Programme, the Secretariat is supporting chapters at different levels of development to enhance their capacity.

Report of the Managing Director (continued)

Risk Management

The Board has ultimate responsibility for risk management at the Secretariat. To that extent, it has ensured that there are structures and processes in place to facilitate the effective management of risk.

The Board has delegated responsibility for routine oversight of risk management arrangements to the Audit Committee, from which it receives regular reports, as well as direct reports from the Management Group, on the management of major risks.

The Audit Committee has reviewed the risk management arrangements, and considers that they are sufficient to ensure that major risks are identified and systems are established to manage them. The Audit Committee regularly receives updates on risk management and reviews the overall systems and processes on risk management yearly.

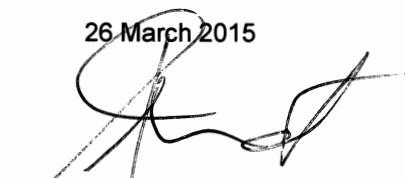

An internal Risk Management Committee oversees organisational risk management across the Secretariat. The institutional risk management process adopted in 2011 has been implemented throughout the organisation so as to enhance the effectiveness of the risk management function at TI-S.

Auditors

KPMG was appointed as TI-S' auditor for 2014.

Presentation of Financial Statements

The Secretariat presents the financial statements voluntarily. The decision to apply International Financial Reporting Standards (IFRS) as adopted by the EU was first applied in 2007 in keeping with our core values and to serve as a leader in terms of accountability, transparency and credibility.

Independent Auditor's Report

To Transparency International e.V., Berlin

Report on the Financial Statements

We have audited the accompanying financial statements of Transparency International e.V., Berlin, which comprise the Statement of Financial Position, the Statement of Comprehensive Income, the Statement of Changes in Reserves, the Statement of Cash Flows and the Notes to the Financial Statements for the year ended 31 December 2014.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, as adopted by the European Union, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of Transparency International e.V., Berlin as at 31 December 2014, and of its financial performance for the year then ended in accordance with International Financial Reporting Standards, as adopted by the European Union.

Final Remarks

This report, including the opinion, has been prepared for Transparency International e.V., Berlin only and for no other purpose.

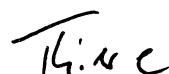

Our assignment and professional liability is governed by the General Engagement Terms for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften (Allgemeine Auftragsbedingungen für Wirtschaftsprüfer und Wirtschaftsprüfungsgesellschaften) in the version dated 1 January 2002 (Appendix). By reading and using the information contained in this report, each recipient confirms notice of provisions of the General Engagement Terms (including the limitation of our liability as stipulated in No. 9) and accepts the validity of the attached General Engagement Terms with respect to us.

Notes to the Financial Statements

1. Reporting Entity

Established in 1993, Transparency International e.V. –henceforth referred to as TI-S, is registered in Germany as an association (“eingetragener Verein”) at the following address:

Alt-Moabit 96, 10559 Berlin, Germany

TI-S is the Secretariat of Transparency International (TI), the global civil society organisation leading the fight against corruption. Through more than 100 chapters, chapters in formation and contact groups worldwide and its International Secretariat in Berlin, TI raises awareness of the damaging effects of corruption and works with partners in government, business and civil society to develop and implement effective measures to tackle corruption.

The financial statements comprise the Statement of Financial Position, the Statement of Comprehensive Income, the Statement of Changes in Reserves, the Statement of Cash Flows and the Notes to the Financial Statements for the year ended 31 December 2014.

TI-S presents the financial statements of the organisation only. National chapters, chapters in formation and contact groups – in the following referred to as coalition partners – are independent legal entities that report separately.

The financial statements were authorised for issue and signed by the Managing Director on 26 March 2015. They were subsequently endorsed by the Board of Directors of TI-S.

2. Basis of Preparation

(a) **Statement of compliance**

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union.

Currently, IFRS do not contain specific guidelines for non-profit and non-governmental organisations concerning the accounting treatment and the presentation of financial statements. Accounting policies have been based on general IFRS principles, as detailed in the IASB Framework for the Preparation and Presentation of Financial Statements.

(b) **Basis of measurement**

The financial statements have been prepared on the historical cost basis except in the case of financial assets and financial liabilities in foreign currencies, which are stated and measured at fair value at year end.

Notes to the Financial Statements (continued)

(c) Functional and presentation currency

The financial statements are presented in Euro, the organisation's functional currency.

(d) Use of estimates and judgements

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the valuation of assets, income, liabilities and expenses. The estimates and assumptions are based on historical experience. Actual results may differ from these estimates.

No significant estimates or judgements were made in 2014 which would materially affect the financial position of the organisation as at 31 December 2014.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

3. Summary of Significant Accounting Policies

The relevant accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented.

(a) Adoption of new and revised International Financial Reporting Standards (IFRS):

- IFRS 10 Consolidated Financial Statements beginning on or after 1/1/2014
- IFRS 11 Joint Arrangements beginning on or after 1/1/2014
- IFRS 12 Disclosure of Interests in Other Entities beginning on or after 1/1/2014
- IAS 27 (amended 2011) Separate Financial Statements beginning on or after 1/1/2014
- IAS 28 (amended 2011) Investments in Associates and Joint Ventures beginning on or after 1/1/2014
- IFRIC 21 Levies beginning on or after 17/6/2014
- Amendments to IFRS 10, IFRS 11 and IFRS 12: Transition Guidance beginning on or after 1/1/2014
- Amendments to IFRS 10, IFRS 12 and IAS 27: Investment Entities beginning on or after 1/1/2014
- Amendments to IAS 32: Offsetting Financial Assets and Financial Liabilities beginning on or after 1/1/2014
- Amendments to IAS 36: Recoverable Amount Disclosures for Non-Financial Assets beginning on or after 1/1/2014
- Amendments to IAS 39: Novation of Derivatives and Continuation of Hedge Accounting beginning on or after 1/1/2014

Notes to the Financial Statements (continued)

(b) The International Accounting Standards Board (IASB) has issued the following standards not yet endorsed by the EU. These standards and interpretations have not been adopted by TI-S:

- Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture beginning on or after 1/1/2016
- Amendments to IFRS 10, IFRS 12 and IAS 28: Investment Entities - Applying the Consolidation Exception beginning on or after 1/1/2016
- Amendment to IFRS 11: Accounting for Acquisitions of Interests in Joint Operations beginning on or after 1/1/2016
- Amendments to IAS 1: Disclosure Initiative beginning on or after 1/1/2016
- Amendments to IAS 16 and IAS 38: Clarification of Acceptable Methods of Depreciation and Amortisation beginning on or after 1/1/2016
- Amendments to IAS 16 and IAS 41: Agriculture - Bearer Plants beginning on or after 1/1/2016
- Amendment to IAS 27: Equity Method in Separate Financial Statements beginning on or after 1/1/2016
- Improvements to IFRS (2012-2014) IFRS 5, IFRS 7, IAS 19 and IAS 34 beginning on or after 1/1/2016
- IFRS 14 Regulatory Deferral Accounts beginning on or after 1/1/2016
- IFRS 15 Revenue from Contracts with Customers beginning later than 1/1/2017
- IFRS 9 (2014) Financial Instruments beginning later than 1/1/2018

(c) The International Accounting Standards Board (IASB) has issued the following standards endorsed by the EU. These standards and interpretations are effective for periods beginning on or after 1/1/2015.

- Amendments to IAS 19 Defined Benefit Plans: Employee Contributions
- Improvements to IFRS (2011-2013) IFRS 1, IFRS 3, IFRS 13 and IAS 40
- Improvements to IFRS (2010-2012) IFRS 2, IFRS 3, IFRS 8, IFRS 13, IAS 16, IAS 24 and IAS 38

None of these new standards or amended standards and interpretations are expected to have a significant effect on the financial statements of TI-S.

(d) Accounting for Grants

Mainly funded by grants from governmental agencies, foundations and development organisations, the Secretariat delivers projects in partnership with Transparency International national chapters and coalition partners across the world. Grants are accounted for in accordance with IAS 20.

Donor grants are recognised in the accounts when there is evidence of entitlement, which normally exists when grants are awarded formally in writing.

Notes to the Financial Statements (continued)

Donor grants received but not yet utilised are included as liabilities under "Donors' funding received in advance"; while grants committed and utilised but where funds have not yet been received at year end are presented as receivables under "Donor commitments" in the Statement of Financial Position.

Advances to project partners are initially recorded as assets under "Advances to national chapters or coalition partners", or, if other third parties are involved, as "Advances to other parties as project outlays". Correspondingly, donor grants utilised for such advances are reclassified from "Donors' funding received in advance" to "Liabilities to donors".

Expenditure is recognised in the Statement of Comprehensive Income when there is evidence of costs incurred. Expenditure related to advances to project partners is only recognised as expenditure when TI-S receives evidence of expenditure in the form of project audit reports, original receipts, or any other proof as required by the relevant donor contract.

"Donor income" is recognised in the Statement of Comprehensive Income

- where entitlement is demonstrable and there are no grant related restrictions in place ("unrestricted" funds) or
- in line with expenditure incurred for project related grants which have been fully evidenced and reported upon ("restricted" funds).

(e) Translation of foreign currencies

Grant related balances in foreign currencies, including those advanced to project partners are reported at the historical foreign exchange rate ruling at the date of the transaction and are not revalued. At the date of the Statement of Financial Position all other monetary assets and liabilities denominated in foreign currency are converted into Euro at the rate of exchange prevailing at that date.

Foreign exchange differences arising on translation are reported as income or expense.

(f) Tangible and intangible assets

Equipment comprises office equipment and furniture, which are initially recorded at cost and thereafter stated at historical cost less accumulated depreciation and impairment losses.

Intangible assets comprise software and licenses, which are initially recorded at cost and thereafter stated at historical cost less accumulated amortisation and impairment losses.

Donations of tangible and intangible assets in kind for which no consideration, cash or otherwise has been paid are not included in the Financial Statements. The fair value of in-kind donations of intangible assets received in 2014 was € nil (2013: €252,032).

Disposals are recorded when the assets are scrapped or sold. Cost of maintenance is expensed when incurred.

Notes to the Financial Statements (continued)

Depreciation and amortisation is recognised on a straight line basis over the estimated useful lives of each item taking into account its residual value, using annual rates as follows:

	Rate
Furniture bought before 31 December 2004	10%
Furniture bought after 01 January 2005	8%
Installation for telephone and network	13%
Computers, software, licences	33%

(g) Cash and cash equivalents

For the purposes of the Statement of Financial Position and Statement of Cash Flows, "Cash and cash equivalents" comprise cash on hand and bank balances. Cash and cash equivalents in foreign currencies are measured at fair value, using the bank exchange rates at 31 December.

2014	1	EUR	=	.7806	GBP
	1	EUR	=	1.2185	USD
2013	1	EUR	=	.8348	GBP
	1	EUR	=	1.3798	USD
	1	EUR	=	1.2289	CHF

(h) Taxation

Income tax has not been accounted for in these financial statements as the organisation was not in receipt of taxable income and has an income tax exempt status.

(i) Accounting for leases

Leases of assets under which a significant portion of the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Comprehensive Income on a straight line basis over the period of the lease. TI-S leases office space, printers and water coolers under operating leases.

See note 9 for more information.

(j) Current assets and liabilities

Current assets and liabilities are measured at amortised cost, using the effective interest method. All balances are due within one year.

An allowance for impairment of receivables is established if the collection of a receivable becomes doubtful. The amount of the allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The impairment loss, if any, is recognised in the Statement of Comprehensive Income. The value of provision for doubtful debts recognised in 2014 is €27,200 (2013: € nil).

Notes to the Financial Statements (continued)

(k) Finance income and costs

Finance income comprises interest income on deposits and exchange rate gains. Finance costs comprise interest expense and exchange rate losses. Foreign currency gains and losses are reported on a gross basis in the Statement of Comprehensive Income.

(l) Reserves

TI-S reserves funds are established in accordance with IFRS are unrestricted and include designated funds; the composition is as follows:

- Free reserves: unrestricted funds available for any purpose.
- Designated reserves: funds designated for a special purpose as follows:
 - **Special Fund**: earmarked to support the endowment fund programme.
 - **Network Reserve**: established to support chapters in emergency situations or facing governance challenges.

See page 11 for the Statement of Changes in Reserves.

(m) Personnel expenses

Personnel costs consist of salaries, wage taxes and social security contributions for all staff and pension contributions for Directors.

TI-S concluded a defined contribution plan with Allianz insurance, effective May 2007 for Directors who receive benefits, a maximum at their legal retirement age, a minimum only five years before. According to this contract the following contributions per position were made, each for one calendar year:

	Euro
Managing Director	10,000
Group Directors	7,500
Directors	5,000

At period end, there was 1 Managing Director, 5 Group Directors and 13 Directors. Total employer pension contributions for 2014 were €113,750 (22 individuals) (2013: €108,125, 20 individuals).

The total amount of salaries paid to the Managing Director and Group Directors in 2014 was €870,662 (6 individuals) (2013: €877,397, 7 individuals).

In 2014 TI-S employed an average of 180 employees (2013: 189) of which 20 (2013: 18) were part time. In addition, the organisation benefited immensely from a number of interns who contributed to the delivery of its activities throughout the year.

Notes to the Financial Statements (continued)

4. Financial Instruments

Non-derivative financial assets comprise receivables with fixed or determinable payments that are not quoted in an active market and are neither classified as held for trading nor as available for sale. Initial recognition is done at fair value which generally equals the nominal value of the asset. Subsequently, financial assets are measured at amortised cost using the effective interest method less any impairment losses. The carrying values of all financial assets are equal to the fair values of the assets.

Non-derivative financial liabilities are recognised at fair value that either equals the amount received or the net present value of future obligations. Subsequently, they are measured at amortised cost using the effective interest method. Due to the short-term maturities (less than one year) of these liabilities, it is assumed that the fair value is equal to the carrying amount.

TI-S does not hold any derivative financial instruments.

TI-S has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Currency risk

(a) Credit risk

Credit risk is the risk of financial loss if the counterparty to a financial instrument fails to meet its contractual obligations.

The carrying amount of financial assets represents the maximum credit exposure. Impairment losses, if any, are recognised in the Statement of Comprehensive Income.

The exposure to credit risk is influenced by the individual characteristics of the counterparties. TI-S endeavours that assets are transacted with counterparties assessed as having low default risk. TI-S holds bank accounts with Commerzbank AG and Deutsche Bank AG whom have been assigned a long term rating by Standard and Poor's of A- and A respectively.

TI-S mitigates the credit risk by concluding agreements with accredited national chapters or coalition partners and other parties, ensuring that any advances are reported on in a timely manner and that further advances are made only after receipt of reporting for previous advances. For a breakdown of outstanding advances to national chapters by geographic region please see note 15.

In the category "Debtors" (note 12) a total of €20,817 (2013: €27,948) has been written off in 2014 as they have been deemed irrecoverable. €17,799 of this (2013: €17,608) relates to the write-off of balances due from national chapters, while the remainder relates to unrecoverable amounts from invoices to third parties. The risk for an increase in future years is mitigated by regular monitoring.

In the category "Advances to National Chapters and Coalition Partners" (note 15) a provision was made for €27,200 (2013: €nil) which relates to advances outstanding from two national chapters which may be deemed unrecoverable. No other impairments have been recognised in 2014 or 2013.

Both the bad debt write-off and the provision are recognised in the Statement of Comprehensive Income within Other Expenses.

Notes to the Financial Statements (continued)

The aging of unimpaired receivables within Debtors was as follows.

	2014 Euro	2013 Euro
Neither past due nor impaired	167,963	58,417
Past due 1-30 days	15,053	5,502
Past due 31-90 days	2,091	7,412
Past due 91-180 days	30,600	58,032
Past due greater than 180 days	32,386	75,873
Total	248,093	205,236

Management believes that the unimpaired amounts that are past due by more than 30 days are still collectable in full based on an assessment of each individual case and counterparty.

(b) Liquidity risk

Liquidity risk is the risk that the organisation will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by the delivery of cash or another financial asset. The organisation's approach to managing liquidity is to ensure that, as far as possible, it will have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions without incurring unacceptable losses or risking damage to the organisation's reputation.

TI-S has a robust financial monitoring and reporting system; liquidity and cash flows are monitored regularly to assess liquidity requirements and to ensure that the donor receipts and forecast expenditure is consistent with project specifications. TI-S also reports to the Board of Directors and its Finance Committee on a regular basis.

(c) Currency risk

TI-S is exposed to currency risks from grants and receivables in currencies other than the Euro, primarily British Pounds (GBP) and US Dollars (USD).

TI-S ensures that its exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances. See note 3(g) for exchange rates at 31 December 2014.

Notes to the Financial Statements (continued)

A summary of currency exposure at period end presented below.

	Euro Equivalent- 2014					Euro Equivalent- 2013				
	EUR	GBP	USD	OTHER	TOTAL	EUR	GBP	USD	OTHER	TOTAL

Creditors: amounts falling due within one year	-203,132	-18,408	-73,053	-100	-294,693	-521,266	-39,064	-33,601	-24,040	-617,971
Other liabilities and accruals	-802,422	27,115	-8,343	-18,398	-802,048	-845,608	0	0	-133,253	-978,861
Liabilities to national chapters or coalition partners	-99,392	-210	-14,924	-434	-114,961	-314,549	0	-17,364	-330	-332,243
Liabilities to donors	-4,986,934	-462,380	-137,045	0	-5,586,359	-7,257,144	-684,380	-179,594	-226,960	-8,348,078
Donor's funding received in advance	-4,866,886	-497,469	-253,544	0	-5,617,899	-9,005,355	-916,887	-186,232	0	-10,108,474
Total Current Liabilities	-10,958,766	-951,352	-486,909	-18,932	-12,415,960	-17,943,923	-1,640,330	-416,792	-384,582	-20,385,627

Within current assets the foreign currency balances relate in the majority to "Donor commitments" and "Advances to national chapters and coalition partners". As the receipt of both the funding from donors and the reporting from chapters is expected to be received in the same currency as that in which the assets were recorded, no material exposure occurs. The remaining balances are deemed immaterial.

Within current liabilities the foreign currency balances relate in the majority to "Liabilities to donors" and "Donor funding received in advance". In accordance with the policy on accounting for grants (note 3d) donor funding and advances to national chapters are recorded in the functional currency.

5. Related Parties

TI-S comprises the movement's Secretariat which supports over 100 national chapters, chapters in formation and contact groups and leads the implementation of the organisation's international agenda. National chapters, chapters in formation and contact groups are legally and financially independent organisations registered in their countries.

TI-S' Board of Directors is elected by the Members of the Association (consisting of accredited national chapters and individual members) at the Annual Membership Meeting (AMM). See details of board members on page 2. Members of the Board of Directors, as part of the key management personnel of the organisation, are considered to be a related party and receive no remuneration. In 2014, reimbursements totalling €77,115 (2013: €58,461), in the majority relating to travel, were paid to Board members.

On 25 August 2010, the Transparency International Liaison Office to the European Union a.i.s.b.l. (henceforth referred to as TI-EU) was established as an association in Brussels with ten members. Each of these ten members are Directors of TI-S who elect the Executive Board composed of three of these members. In accordance with IAS 24.9, TI-EU is classified as a related party. An Operational Agreement between TI-S and TI-EU is in place. During 2014, TI-S supported the activities of TI-EU with an operating grant of €130,000. As at 31 December 2014, €68,694 remains outstanding as an advance to TI-EU, disclosed within "Advances to other parties as project outlays" (note 16). This is expected to be accounted for in 2015.

TI-S owns 10 percent of the International Civil Society Centre (ICSC), the global action platform for international civil society organisations to learn from each other, exchange information and initiate

Notes to the Financial Statements (continued)

collective action. TI-S purchased shares in the nominal amount of €2,500, of which €1,250 was paid up in 2009. The remaining €1,250 due to be paid is included within non-current liabilities. As buyer of these shares, TI-S agreed to pay to ICSC a programme subsidy in the amount of €26,250; €4,250 was paid in 2009 and the remaining instalments of €5,500 were paid in each of 2010, 2011, 2012 and 2013. During 2012, one director of TI-S was appointed Chair of the Advisory Board of the ICSC. As TI-S is a minority shareholder of this Berlin registered charity and given that the director of TI-S does not exert significant influence over the Centre, in accordance with IAS 24.9 it is not considered a related party.

6. Commitments, Contingent Liabilities and Contingent Assets

(a) Commitments

TI-S rents office space in Berlin for its operations. A breakdown of rental and operation costs along with rental commitments in the next five years is presented in the table below. A new contract for additional office space in Alt Moabit 96 was concluded in 2013 for which there is a rental free period of 20 months. Leasehold improvements with a total value of €83,185 were incurred in 2013 and will be released over this 20 month period at a monthly rate of €4,160. Expenses totalling €49,920 were released in 2014, included within the annual rental costs in the table below.

	Rent	Printers	Water coolers
Total Operating Costs 2013	410,866	3,736	4,997
Annual rental costs 2014	305,047	12,466	4,997
Annual operating costs 2014	114,699	-	-
Total Operating Costs 2014	419,746	12,466	4,997
Monthly rental costs 2015 (average)	25,632	1,039	416
Monthly operating costs 2015	9,558	-	-
Total Monthly Operating Costs 2015	35,190	1,039	416
Rental commitment up to one year	325,178	12,466	4,997
Rental commitment 2-5 years	486,994	18,700	12,493

(b) Contingent Assets

Endowment Fund

Transparency International's (TI) endowment fund has been set up with the intention of supporting the work of the movement permanently. As such the grants that have been made to the endowment by the United States Agency for International Development (USAID) and the Ford Foundation are in principle not limited by a specified grant period or otherwise, so long as expenditure under the grants is made in full observance of the purpose for which the Grant was made and if all reporting obligations are met. In accordance with IAS 37, as USAID and the Ford Foundation impose some restrictions on the use of the funds, and considering that under some circumstances the funds can be recalled by the Donors, they are disclosed as a contingent asset. See Annex 1 for more information.

Notes to the Financial Statements (continued)

7. Reserves

TI-S is subject to externally imposed reserves requirements which stipulate that the surplus and the reserves might only be used for purposes complying with the non-profit-making purpose of the association (Gemeinnützigkeit), according to paragraph 3 of its Charter.

8. Subsequent Events

No material events occurred between 31 December 2014 and the date of approval of these financial statements that require disclosure.

9. Deposits on Leases

TI-S has five security bank deposits for office space in Berlin with a total amount on deposit at 31 December 2014 of €116,711 including interest of €2,804.

Of these five lease agreements, one was terminated in September 2013 and one was terminated as at 31 December 2014. The security deposits for both of these lease agreements, totalling €16,028 are expected to be repaid in 2015 and are therefore classified within current assets. Due to the long term nature of the remaining property leases, the other three security deposits are reported as such under non-current assets in the Statement of Financial Position.

26. National Chapter, Partner and Other Party Support

This support includes expenditure reported for advances made in current and prior years, in addition to direct support paid to national chapters, partners and other parties. It also includes payments made directly to national chapters, partners and to other parties for workshops and other events in support of the TI movement.

In addition to this, further support was made to national chapters and partners through other expenditure categories, such as travel reimbursements. These items are recorded within note 27 "Other Expenses". The total value of other expenses which were paid directly to a national chapter or partner totalled €230,993 in 2014 (2013: €320,072). These are included separately in the table below.

See Annex 4 for a detailed breakdown by Chapter.

	2014 Euro	2013 Euro
Reported expenditure related to advances in previous years	2,568,669	4,213,886
Reported expenditure related to advances in current years	6,811,196	1,251,404
Expenditure incurred in current year	1,105,581	1,789,266

	2,053,477	1,685,250	1,673,952

Money is recorded in a separate bank account into which the interest received is also credited.

Endowment Funds in total

	2014	2013	
	USD Equivalent	EUR	USD Equivalent
	EUR		EUR
Balance of Fund 31 December 2014	2,514,801	2,063,850	2,483,937
USAID		1,685,250	1,673,952
Ford Foundation		3,749,100	3,474,167

Transparency International's (TI) endowment fund has been set up with the intention of supporting the work of the organisation permanently. As such the Grants that have been made to the endowment by the United States Agency for International Development (USAID) and the Ford Foundation are in principle not limited by a specified Grant period or otherwise, so long as expenditure under the Grants is made in full observance of the purpose for which the Grant was made and if all reporting obligations are met by TI.

In the case of the Grant made to TI by USAID, a specific condition was included to provide for the possibility of a change of the terms of the Grant agreement should TI not have met the original December 2008 fundraising goal that was specified at the time the Grant was awarded in 2003. This provision was discussed at the end of 2009 and an activity report covering the period 2003 – 2009 was sent to USAID. This report is currently under review by USAID Legal Department.

The endowment fund has been disclosed as a contingent asset on page 22 of the Financial Statements.

General Engagement Terms

General Engagement Terms

for

Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften

[German Public Auditors and Public Audit Firms]

as of January 1, 2002

This is an English translation of the German text, which is the sole authoritative version

1. Scope

- (1) These engagement terms are applicable to contracts between Wirtschaftsprüfer [German Public Auditors] or Wirtschaftsprüfungsgesellschaften [German Public Audit Firms] (hereinafter collectively referred to as the "Wirtschaftsprüfer") and their clients for audits, consulting and other engagements to the extent that something else has not been expressly agreed to in writing or is not compulsory due to legal requirements.
- (2) If, in an individual case, as an exception contractual relations have also been established between the Wirtschaftsprüfer and persons other than the client, the provisions of No. 9 below also apply to such third parties.

2. Scope and performance of the engagement

- (1) Subject of the Wirtschaftsprüfer's engagement is the performance of agreed services – not a particular economic result. The engagement is performed in accordance with the Grundsätze ordnungsmäßiger Berufsausübung [Standards of Proper Professional Conduct]. The Wirtschaftsprüfer is entitled to use qualified persons to conduct the engagement.
- (2) The application of foreign law requires – except for financial attestation engagements – an express written agreement.
- (3) The engagement does not extend – to the extent it is not directed thereto – to an examination of the issue of whether the requirements of tax law or special regulations, such as, for example, laws on price controls, laws limiting competition and Bewirtschaftungsrecht [laws controlling certain aspects of specific business operations] were observed; the same applies to the determination as to whether subsidies, allowances or other benefits may be claimed. The performance of an engagement encompasses auditing procedures aimed at the detection of the defalcation of books and records and other irregularities only if during the conduct of audits grounds therefor arise or if this has been expressly agreed to in writing.
- (4) If the legal position changes subsequent to the issuance of the final professional statement, the Wirtschaftsprüfer is not obliged to inform the client of changes or any consequences resulting therefrom.

3. The client's duty to inform

- (1) The client must ensure that the Wirtschaftsprüfer – even without his special request – is provided, on a timely basis, with all supporting documents and records required for and is informed of all events and circumstances which may be significant to the performance of the engagement. This also applies to those supporting documents and records, events and circumstances which first become known during the Wirtschaftsprüfer's work.
- (2) Upon the Wirtschaftsprüfer's request, the client must confirm in a written statement drafted by the Wirtschaftsprüfer that the supporting documents and records and the information and explanations provided are complete.

4. Ensuring independence

The client guarantees to refrain from everything which may endanger the independence of the Wirtschaftsprüfer's staff. This particularly applies to offers of employment and offers to undertake engagements on one's own account.

5. Reporting and verbal information

If the Wirtschaftsprüfer is required to present the results of his work in writing, only that written presentation is authoritative. For audit engagements the long-form report should be submitted in writing to the extent that nothing else has been agreed to. Verbal statements and information provided by the Wirtschaftsprüfer's staff beyond the engagement agreed to are never binding.

6. Protection of the Wirtschaftsprüfer's intellectual property

The client guarantees that expert opinions, organizational charts, drafts, sketches, schedules and calculations – especially quantity and cost computations – prepared by the Wirtschaftsprüfer within the scope of the engagement will be used only for his own purposes.

7. Transmission of the Wirtschaftsprüfer's professional statement

- (1) The transmission of a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) to a third party requires the Wirtschaftsprüfer's written consent to the extent that the permission to transmit to a certain third party does not result from the engagement terms. The Wirtschaftsprüfer is liable (within the limits of No. 9) towards third parties only if the prerequisites of the first sentence are given.
- (2) The use of the Wirtschaftsprüfer's professional statements for promotional purposes is not permitted; an infringement entitles the Wirtschaftsprüfer to immediately cancel all engagements not yet conducted for the client.

8. Correction of deficiencies

- (1) Where there are deficiencies, the client is entitled to subsequent fulfillment [of the contract]. The client may demand a reduction in fees or the cancellation of the contract only for the failure to subsequently fulfill [the contract]; if the engagement was awarded by a person carrying on a commercial business as part of that commercial business, a government-owned legal person under public law or a special government-owned fund under public law, the client may demand the cancellation of the contract only if the services rendered are of no interest to him due to the failure to subsequently fulfill [the contract]. No. 9 applies to the extent that claims for damages exist beyond this.
- (2) The client must assert his claim for the correction of deficiencies in writing without delay. Claims pursuant to the first paragraph not arising from an intentional tort cease to be enforceable one year after the commencement of the statutory time limit for enforcement.
- (3) Obvious deficiencies, such as typing and arithmetical errors and formelle Mängel [deficiencies associated with technicalities] contained in a Wirtschaftsprüfer's professional statements (long-form reports, expert opinions and the like) may be corrected – and also be applicable versus third parties – by the Wirtschaftsprüfer at any time. Errors which may call into question the conclusions contained in the Wirtschaftsprüfer's professional statements entitle the Wirtschaftsprüfer to withdraw – also versus third parties – such statements. In the cases noted the Wirtschaftsprüfer should first hear the client, if possible.

9. Liability

- (1) The liability limitation of § ["Article"] 323 (2)[["paragraph 2"] HGB ["Handelsgesetzbuch": German Commercial Code] applies to statutory audits required by law.

(2) *Liability for negligence; An individual case of damages*

If neither No. 1 is applicable nor a regulation exists in an individual case, pursuant to § 54a (1) no. 2 WPO ["Wirtschaftsprüferordnung": Law regulating the Profession of Wirtschaftsprüfer] the liability of the Wirtschaftsprüfer for claims of compensatory damages of any kind – except for damages resulting from injury to life, body or health – for an individual case of damages resulting from negligence is limited to € 4 million; this also applies if liability to a person other than the client should be established. An individual case of damages also exists in relation to a uniform damage arising from a number of breaches of duty. The individual case of damages encompasses all consequences from a breach of duty without taking into account whether the damages occurred in one year or in a number of successive years. In this case multiple acts or omissions of acts based on a similar source of error or on a source of error of an equivalent nature are deemed to be a uniform breach of duty if the matters in question are legally or economically connected to one another. In this event the claim against the Wirtschaftsprüfer is limited to € 5 million. The limitation to the fivefold of the minimum amount insured does not apply to compulsory audits required by law.

(3) *Preclusive deadlines*

A compensatory damages claim may only be lodged within a preclusive deadline of one year of the rightful claimant having become aware of the damage and of the event giving rise to the claim – at the very latest, however, within 5 years subsequent to the event giving rise to the claim. The claim expires if legal action is not taken within a six month deadline subsequent to the written refusal of acceptance of the indemnity and the client was informed of this consequence.

The right to assert the bar of the preclusive deadline remains unaffected. Sentences 1 to 3 also apply to legally required audits with statutory liability limits.

10. Supplementary provisions for audit engagements

- (1) A subsequent amendment or abridgement of the financial statements or management report audited by a Wirtschaftsprüfer and accompanied by an auditor's report requires the written consent of the Wirtschaftsprüfer even if these documents are not published. If the Wirtschaftsprüfer has not issued an auditor's report, a reference to the audit conducted by the Wirtschaftsprüfer in the management report or elsewhere specified for the general public is permitted only with the Wirtschaftsprüfer's written consent and using the wording authorized by him.
- (2) If the Wirtschaftsprüfer revokes the auditor's report, it may no longer be used. If the client has already made use of the auditor's report, he must announce its revocation upon the Wirtschaftsprüfer's request.
- (3) The client has a right to 5 copies of the long-form report. Additional copies will be charged for separately.

11. Supplementary provisions for assistance with tax matters

- (1) When advising on an individual tax issue as well as when furnishing continuous tax advice, the Wirtschaftsprüfer is entitled to assume that the facts provided by the client – especially numerical disclosures – are correct and complete; this also applies to bookkeeping engagements. Nevertheless, he is obliged to inform the client of any errors he has discovered.
- (2) The tax consulting engagement does not encompass procedures required to meet deadlines, unless the Wirtschaftsprüfer has explicitly accepted the engagement for this. In this event the client must provide the Wirtschaftsprüfer, on a timely basis, all supporting documents and records – especially tax assessments – material to meeting the deadlines, so that the Wirtschaftsprüfer has an appropriate time period available to work therewith.
- (3) In the absence of other written agreements, continuous tax advice encompasses the following work during the contract period:

- a) preparation of annual tax returns for income tax, corporation tax and business tax, as well as net worth tax returns on the basis of the annual financial statements and other schedules and evidence required for tax purposes to be submitted by the client
- b) examination of tax assessments in relation to the taxes mentioned in (a)
- c) negotiations with tax authorities in connection with the returns and assessments mentioned in (a) and (b)
- d) participation in tax audits and evaluation of the results of tax audits with respect to the taxes mentioned in (a)
- e) participation in Einspruchs- und Beschwerdeverfahren [appeals and complaint procedures] with respect to the taxes mentioned in (a).

In the afore-mentioned work the Wirtschaftsprüfer takes material published legal decisions and administrative interpretations into account.

(4) If the Wirtschaftsprüfer receives a fixed fee for continuous tax advice, in the absence of other written agreements the work mentioned under paragraph 3 (d) and (e) will be charged separately.

(5) Services with respect to special individual issues for income tax, corporate tax, business tax, valuation procedures for property and net worth taxation, and net worth tax as well as all issues in relation to sales tax, wages tax, other taxes and dues require a special engagement. This also applies to:

- a) the treatment of nonrecurring tax matters, e. g. in the field of estate tax, capital transactions tax, real estate acquisition tax
- b) participation and representation in proceedings before tax and administrative courts and in criminal proceedings with respect to taxes, and
- c) the granting of advice and work with respect to expert opinions in connection with conversions of legal form, mergers, capital increases and reductions, financial reorganizations, admission and retirement of partners or shareholders, sale of a business, liquidations and the like.

(6) To the extent that the annual sales tax return is accepted as additional work, this does not include the review of any special accounting prerequisites nor of the issue as to whether all potential legal sales tax reductions have been claimed. No guarantee is assumed for the completeness of the supporting documents and records to validate the deduction of the input tax credit.

12. Confidentiality towards third parties and data security

- (1) Pursuant to the law the Wirtschaftsprüfer is obliged to treat all facts that he comes to know in connection with his work as confidential, irrespective of whether these concern the client himself or his business associations, unless the client releases him from this obligation.
- (2) The Wirtschaftsprüfer may only release long-form reports, expert opinions and other written statements on the results of his work to third parties with the consent of his client.
- (3) The Wirtschaftsprüfer is entitled – within the purposes stipulated by the client – to process personal data entrusted to him or allow them to be processed by third parties.

13. Default of acceptance and lack of cooperation on the part of the client

If the client defaults in accepting the services offered by the Wirtschaftsprüfer or if the client does not provide the assistance incumbent on him pursuant to No. 3 or otherwise, the Wirtschaftsprüfer is entitled to cancel the contract immediately. The Wirtschaftsprüfer's right to compensation for additional expenses as well as for damages caused by the default or the lack of assistance is not affected, even if the Wirtschaftsprüfer does not exercise his right to cancel.

14. Remuneration

- (1) In addition to his claims for fees or remuneration, the Wirtschaftsprüfer is entitled to reimbursement of his outlays: sales tax will be billed separately. He may claim appropriate advances for remuneration and reimbursement of outlays and make the rendering of his services dependent upon the complete satisfaction of his claims. Multiple clients awarding engagements are jointly and severally liable.

(2) Any set off against the Wirtschaftsprüfer's claims for remuneration and reimbursement of outlays is permitted only for undisputed claims or claims determined to be legally valid.

15. Retention and return of supporting documentation and records

(1) The Wirtschaftsprüfer retains, for ten years, the supporting documents and records in connection with the completion of the engagement – that had been provided to him and that he has prepared himself – as well as the correspondence with respect to the engagement.

(2) After the settlement of his claims arising from the engagement, the Wirtschaftsprüfer, upon the request of the client, must return all supporting documents and records obtained from him or for him by reason of his work on the engagement. This does not, however, apply to correspondence exchanged between the Wirtschaftsprüfer and his client and to any documents of which the client already has the original or a copy. The Wirtschaftsprüfer may prepare and retain copies or photocopies of supporting documents and records which he returns to the client.

16. Applicable law

Only German law applies to the engagement, its conduct and any claims arising therefrom.
